The Wine Press | How organic is your wine?

Mon, 04/16/2012 - 10:00pm - Kansas City Star: FYJ / Living

There is at least one area in which government regulation's touch has been too light to discern: the meaning of organic. I have met innumerable consumers who advise me that the wines in Europe are so much better, since "they don't have sulfites." Au contraire; they simply don't tell you about their sulfites.
